### **The Secret of a Joyous Christmas**

Many years ago, I worked for a professor who was also a Church Minister. She taught us that Christmas can be the most miserable time of year. Many people have dysfunctional families to contend with, or find themselves alone, or have very limited finances for Christmas shopping. But all the commercial advertising show joyful families with plenty of abundance. This can be far from the reality. What can we do? My professor-friend taught us the following:

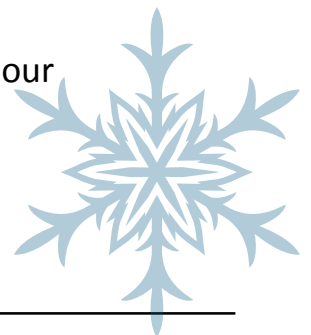

When people get together at this holiday time, there can be an atmosphere of harmony and peace, if only ONE PERSON in the group knows and understands the Power of Prayer and Presence. We can be that ONE PERSON.

Wherever we find ourselves, we can radiate a Spirit of Peace and Harmony. In any gathering we can silently bless all who are there. We know that God's Spirit is in each one. We can be the center of harmony and understanding, as we each keep our thoughts loving and peaceful, as we keep our mind focused on the Creator and Divine Spirit, as we keep our attention on the good and true and perfect in all persons.

We know that as we bless the places where we find ourselves, and the people with whom we share, the atmosphere around us will be filled with Peace, Light and Joy, and the people around us will be Harmonious, Congenial and Happy.

Silently, let us share the secret of a Joyous Christmas by holding PEACE in our hearts for everyone.
